

## AUTHOR BIO

# G.L. GOODING

American novelist G.L. Gooding is the author of two compelling books with intriguing connections to stories that have warmed the hearts of audiences around the globe.

Met with glowing industry reviews, **Fresh Snow on Bedford Falls** is a historical mystery that picks up where the classic film **It's a Wonderful Life** ends. The novel shares new layers of suspense, history, revelation, and redemption as a determined bank examiner pursues the truth about George Bailey, Mr. Potter, and the money that Uncle Billy failed to deposit that fateful day.

Gooding's second book **Yellum** shines the spotlight on the challenging life of a special donkey with a divine purpose. Lost and alone in the world, the orphaned beast of burden must overcome hardships and disillusionment before he ultimately discovers that every single creature on Earth matters--especially him--the donkey chosen to carry the pregnant Mary to Bethlehem for the birth of the Christ Child.

Author G.L. Gooding and wife, Sarah, live in Santa Rosa, California. Gooding is at work on his next novel, which will launch the Wandering Woody Mystery series.
